

Dear conference participants,

Welcome to the 8th biennial TESOL's Southern Cone Conference hosted by TESOL Chile.

We have worked hard from early this year to share with you a world-class experience during the next three days here in Santiago de Chile. Log into our site for the latest Conference program, updated as of October 15<sup>th</sup>. Please note this program might be subject to minor modifications which – if needed- will be announced to all of you as the conference proceeds.

#### **PARKING**

Many attendees have asked about parking. Since the conference site- Universidad Alberto Hurtado- is conveniently located just a block from metro LOS HEROES, we suggest you come by subway or by bus. There is no parking facility at this university; however, if you wish to drive, street parking is safe in the neighborhood.

#### **PROOF OF PAYMENT**

For all attendees' convenience and quick registration in-site, please bring a copy of proof of payment which will be processed or double-checked at the door. This is not required if you have already sent an email with proof of online transfer to our Treasurer as indicated in our website.

#### **PARTICIPATION**

We hope that we can all share common experiences and learn from our key note speakers on the best practices about Critical Teaching for Critical Times. Post your questions while or after the conference at <http://tesolchile.blogspot.com/>

#### **POST CONFERENCE SITE**

Our post-conference site will showcase our presenters' documents soon after the conference is finished so you can continue contributing with your ideas, questions and discussions with your peer colleagues and with direct access to our experts and presenters who have generously come to share their views and practices with us all.
